1. General

1.1 The UK Finance Mortgage Lenders' Handbook is issued by UK Finance. Your instructions from an individual lender will indicate if you are being instructed in accordance with the Lenders' Handbook. If you are, the general provisions in part 1 and any **lender specific requirements in part 2** must be followed.

1.2 References to "**we**" "**us**" and "**our**" means the lender from whom you receive instructions.

1.3 The Lenders' Handbook does not affect any responsibilities you have to us under the general law or any practice rule or guidance issued by your professional body from time to time.

1.4 The standard of care which we expect of you is that of a reasonably competent solicitor or independent qualified conveyancer acting on behalf of a heritable creditor.

1.5 You must also comply with any separate instructions you receive for an individual loan.

1.6 We require that the borrower and the registered owner of the property are one and the same person following the release of the mortgage advance, settlement taking place, and the standard security being registered. Check **part 2** to see if we lend in circumstances where this is not the case.

1.6 Contact point to see if the lender will lend when borrower and registered owner are not one and the same.

1.7 References to "**borrower**" (and, if applicable, "**guarantor**" are to each borrower (and guarantor) named in the mortgage instructions/offer (if sent to the conveyancer). This applies to references in the Lenders' Handbook and in the certificate of title.

1.8 References to 'conveyance' include a disposition and any other deed of transmission of heritable property, and in relation to leasehold property, an assignation.

1.9 References to "**mortgage offer**" include any loan agreement, offer of mortgage or any other similar document.

1.10 If you are instructed in connection with any additional loan (including a further advance) then you should treat references to "**mortgage**" and "**mortgage offer**" as applying to such "**additional loan**" and "**additional loan offer**" respectively.

1.11 In any transaction during the lifetime of the mortgage when we instruct you, you must use our current standard documents in all cases and must not amend them without our written consent. We will send you all the standard documents necessary to enable you to comply with our instructions, but please let us know if you need any other documents and we will send these to you. Check **part 2** to see who you should contact. If you consider that any of the documentation is inappropriate to the particular facts of a transaction, you should write to us (see **part 2**) with full details and any suggested amendments.

1.12 In order to act on our behalf your firm must be a member of our conveyancing panel. You must also comply with any terms and conditions of your panel appointment.

1.13 If you or a member of your immediate family (that is to say, your spouse, civil partner or co-habitee, or a parent, sibling, child, step-parent, step-child, grandparent, grandchild, parent-in-law, or child-in-law, or a spouse, civil partner or co-habitee of any such person) is the borrower and you are a sole practitioner, you must not act for us.

1.14 Your firm or company must not act for us if the partner or fee earner dealing with the transaction or a member of his immediate family is the borrower, unless we say your firm may act (see **part 2**) and a separate fee earner of no less standing or a partner within the firm acts for us.

1.14 May your firm act if the person dealing with the transaction or a member of his immediate family is the borrower?

Yes, provided that a different fee earner or partner of no less standing acts for us, there is no conflict of interest and Law Society guidelines are followed.

1.15 Your firm or company must not act for us if the partner or fee earner dealing with the transaction or a member of his immediate family is the seller, unless we say your firm may act (see **part 2**) and a separate fee earner of no less standing or a partner within the firm acts for us.

1.15 May your firm act if the person dealing with the transaction or a member of his immediate family is the seller?

Yes, provided that a different fee earner or partner of no less standing acts for us, there is no conflict of interest and Law

Society guidelines are followed.

1.16 If there is any conflict of interest, you must not act for us and must return our instructions.

1.17 Nothing in these instructions lessens your duties to the borrower.

1.18 In addition to these definitions, any reference to any regulation, legislation or legislative provision shall be construed as a reference to that regulation, legislation or legislative provision as amended, re-enacted or extended at the relevant time.

2. Communicating with the Lender

2.1 All communications between you and us should be in writing (which, for the avoidance of doubt, includes facsimile) quoting the mortgage account or roll number, the surname and initials of the borrower and the property address. You should keep copies of all written communication on your file as evidence of notification and authorisation. If you use PC fax or e-mail, where the lender accepts email as a method of communication you should keep a paper copy or in another durable medium.

2.2 If you require deeds or information from us in respect of a borrower or a property then you must first of all have the borrower's authority for such a request. If there is more than one borrower, you must have the authority of all the borrowers.

2.3 If you need to report a matter to us you must do so as soon as you become aware of it so as to avoid any delay. If you do not believe that a matter is adequately provided for in the Handbook, you should identify the relevant Handbook provision and the extent to which the matter is not covered by it. You should provide a concise summary of the legal risks and your recommendation on how we should protect our interest. After reporting a matter you should not complete the mortgage until you have received our further written instructions. We recommend that you report such matters before conclusion of missives because we may have to withdraw or change the mortgage offer.

3. Safeguards

3.1 Solicitors must follow the current Solicitors (Scotland) Accounts Rules and, to the extent that they apply, comply with the Money Laundering Regulations 2007 (see the Law Society of Scotland's guidance available on its website) and the Proceeds of Crime Act 2002.

3.2 If you are not familiar with the seller's solicitors, you must verify that they appear in a legal directory or they are currently on record with the Law Society of Scotland or other supervisory body as practising at the address they have provided to you. Check **part 2** to see whether we require you to notify us of the name and address of the solicitors firm acting for the seller.

3.2 Does the lender require notification of the name and address of the solicitors firm or independent qualified conveyancer acting for the seller?

No

[View all answers to this question](#)

3.3 If the seller does not have legal representation you should check **part 2** to see whether or not we need to be notified so that a decision can be made as to whether or not we are prepared to proceed.

3.3 If different from 1.11, contact details if the lender needs to be notified when the seller does not have legal representation.

3.4 All your duties to us under the Lenders' Handbook in relation to identifying signatories of documents will be satisfied by your complying with sub-sections 3.1 and 3.3.

4. Valuation of the Property

4.1 Valuation

4.1.1 Check **part 2** to see whether we send you a copy of the valuation report or if you must get it from the borrower. If you get a copy of the valuation report from the borrower, (the valuation report may be one flowing from a Home Report on the property if the Home Report is being relied upon by the borrower when purchasing the property), we do not expect you to check the content of that report matches the information we hold. For the avoidance of doubt, regardless of where the report is obtained from, you must carry out the checks detailed in sections 4.1.2 and 4.1.3.

4.1.1 Is there a valuation report and if so, does the lender provide it?

Whilst an inspection of the property is not arranged in every instance if you receive a copy of a report please utilise this as part of your checks outlined in sections 4.1.2 and 4.1.3. Otherwise the checks in section 4.1.2 and 4.1.3 should be against the information in the mortgage offer. Please do not request a copy of the valuation report if it has not been provided to you.

Last updated: 27/06/2025

[View all answers to this question](#)

4.1.2 You must take reasonable steps to verify that there are no discrepancies between the description of the property as valued and the title and other documents which a reasonably competent conveyancer should obtain, and, if there are, you must tell us immediately.

4.1.3 You should take reasonable steps to verify that the assumptions stated by the valuer about the title in the valuation report are correct. If they are not, please let us know as soon as possible (see **part 2**) as it will be necessary for us to check with the valuer whether the valuation needs to be revised. We are not expecting you to assume the role of valuer. We are simply trying to ensure that the valuer has valued the property based on correct information.

4.1.3 If different from 1.11, contact point if assumptions stated by the valuer are incorrect.

Please check against the information in our offer.

If any of the information is incorrect please refer to the Issuing Office.

Please ensure that all lender enquiries are submitted (with full documentation/requirements) at least 2 weeks prior to the conclusion of missives to allow sufficient time for review and decisioning.

[View all answers to this question](#)

4.1.4 We recommend that you should advise the borrower that there may be defects in the property which are not revealed by the inspection carried out by our valuer and there may be omissions or inaccuracies in the report which do not matter to us but which would matter to the borrower. We recommend that, if we send a copy of a valuation report that we have obtained, you should also advise the borrower that the borrower should not rely on the report in deciding whether to proceed with the purchase and that he obtain his own more detailed report on the condition and value of the property, based on a fuller inspection, to enable him to decide whether the property is suitable for his purposes.

4.2 Re-inspection

4.2.1 Where the mortgage offer states that a final inspection is needed, you must ask for the final inspection at least 10 working days before the advance is required. Failure to do so may cause delay in the issue of the advance. Your certificate of title must be sent to us in the usual way (see **part 2**).

4.2.1a If different from 1.11, contact point if re-inspection required.

5. Title

5.1 Surrounding circumstances

5.1.1 We require that the seller has been the owner of the property for at least six months, the commencement date of the seller's ownership of the property being the date of entry specified in their title to the property. Please report to us (see **part 2**) if the seller has been the owner of the property for less than six months, or the person selling to the borrower is not the owner, unless the seller is:

- a personal representative of the owner; or
- an institutional heritable creditor exercising its power of sale; or
- a receiver, trustee in sequestration, administrator or liquidator; or
- a developer or builder selling a property acquired under a part exchange scheme.

5.1.1 If different from 1.11, contact point if the seller has owned the property for less than 6 months.

We will not normally lend where there is a sub-sale or back to back transaction and we will not lend where the contract for sale is to be assigned to a third party. All circumstances where the owner/registered proprietor has owned the property for less than 6 months from purchase should be referred to the issuing office, ensuring that the following details are provided:

the name and address of the person who sold, or will be selling, the property to the applicant's vendor;

- the amount paid for the property by the applicant's vendor;

- details of any connection between the original vendor and the applicant's vendor, or between either vendor and the mortgage applicant;

- details of any work carried out to the property between the two transactions.

Please place the case on hold until you receive further instructions

Please ensure that all lender enquiries are submitted (with full documentation/requirements) at least 2 weeks prior to the conclusion of missives to allow sufficient time for review and decisioning.

5.2 Conflicts of interest

5.2.1 If any matter comes to the attention of the fee earner dealing with the transaction which you should reasonably expect us to consider important in deciding whether or not to lend to the borrower (such as whether the borrower has given misleading information to us or the information which you might reasonably expect to have been given to us is no longer true) and you are unable to disclose that information to us because of a conflict of interest, you must cease to act for us and return our instructions stating that you consider a conflict of interest has arisen.

5.3 Searches and enquiries

5.3.1 You must obtain a property enquiry certificate in respect of the property (see also paragraph 5.3.5 and 5.3.6).

5.3.2 All property enquiry certificates must not be more than three months old at settlement.

5.3.3 In addition, you must ensure that any other usual and necessary searches which may be appropriate to the particular property, taking into account its locality and other features, are carried out. You must report any adverse entry to us but we do not want to be sent the search itself.

5.3.4 We accept searches from private firms in the Register of Sasines, Land Register of Scotland, Register of Inhibitions and Adjudications, Register of Companies and Register of Insolvencies. Check **part 2** to see if we accept property enquiry certificates from private firms. Also check **part 2** to see if we accept search insurance - if we do, you must take reasonable steps to check that the policy adequately protects us. You must be satisfied that you will be able to certify that the title is good and marketable. Where we accept the use of private firms you must take reasonable steps to check that they carry adequate indemnity cover.

5.3.4a Does the lender accept property enquiry certificates from private firms?

At your own risk

Last updated: 27/06/2025

[View all answers to this question](#)

5.3.4b Does the lender accept search insurance?

For second-hand purchase transactions, we do not accept search insurance and we require a local search to be completed in all circumstances.

For remortgage and additional borrowing transactions (with the following exception), we do not require a local search to be completed and we do not require search insurance.

Exception – If the additional borrowing is to purchase land over which Nationwide's charge will be registered then a local search is to be completed on the additional land, not forming part of the existing security.

For new build cases, where the local search carried out on the original plot of land has expired, we will accept search insurance to cover any new risks that may have emerged since the local search was carried out. Any risks identified by a current or expired local search should be referred to us.

For cases where there is a problem obtaining a local search, delayed search insurance can be obtained subject to the following:

- you are confident that all local authority consents or an equivalent competent person scheme certificate, obtained from an appropriate registered competent person, have been obtained for alterations/planning permission/building regulations; and
- there are no financial local land charges which will remain against the property on completion; and
- you have advised the borrower in writing of the limitation of any delayed search insurance policy; and
- any issues discovered are reported to the borrower/lender when the searches are obtained and appropriate remediation action taken.

Please ensure that all lender enquiries are submitted (with full documentation/requirements) at least 2 weeks prior to the conclusion of missives to allow sufficient time for review and decisioning.

5.3.5 You must advise us of any contaminated land entries revealed in the property enquiry certificate (see paragraph 5.3.6). Check **part 2** to see if we want to receive environmental or contaminated land reports (as opposed to contaminated land entries revealed in the property enquiry certificate). If we do not, you do not need to obtain such reports on our behalf.

5.3.5 Does the lender want to receive environmental or contaminated land reports?

We do not require environmental or ancillary reports (e.g. flooding, energy and infrastructure reports) that you have requested for the borrower, even if adverse information is revealed, provided the borrower is aware and you have advised them that full disclosure must be made to the insurer prior to completion and they must obtain insurance under normal terms.

We also do not need to be made aware that the property is in close proximity to HS2.

EPC: We do not need to be made aware of the EPC rating:

MATTERS THAT MUST BE REPORTED TO US

You must report to us contaminated land issues from the local search which have not been remedied.

RADON GAS:

Area details: If a local search highlights that the property is in a radon gas area, we do not need to be made aware, however the applicants must be advised, and the case can proceed at their own risk.

Property Specific: If a local search reveals that the subject property has been highlighted as having a high radon level, then please refer this to us and we will seek advice from the valuer.

MINING: Please send us any mining report which shows a mine entry or adit within 20 meters of the property or if there has ever been a subsidence claim. For these cases we will also need an interpretive report and buffer report so please provide all of these reports at the same time.

Please ensure that all lender enquiries are submitted (with full documentation/requirements) at least 2 weeks prior to the conclusion of missives to allow sufficient time for review and decisioning.

5.3.6 You must ensure that the property enquiry certificate answers the following questions relating to contaminated land. You should advise us only if any matters are revealed by the answers in the same way as you would advise the borrower:

- Please list any entries relating to the property in the Register maintained under s. 78R(1) of the Environmental Protection Act 1990.
- Has the council served or resolved to serve any notice relating to the property under s. 78B(3)?
- Has the council consulted, or resolved to consult, with the owner or occupier of the property under s.78G(3) in relation to anything to be done on the property as a result of adjoining or adjacent land being contaminated?
- Has any entry been made in the Register, or any notice served or resolved to be served, under s. 78B(3) in relation to any adjoining or adjacent land which has been identified as contaminated because it is in such a condition that harm or pollution of controlled waters might be caused on the property?

5.4 Planning and building regulations

5.4.1 You must by making appropriate searches and enquiries take all reasonable steps (including any further enquiries to clarify any issues which may arise) to ensure that:

- the property has the benefit of any necessary planning permission, listed building consent and building approvals for its construction and/or any material or significant subsequent alterations to, or change of use of the property; and there is no evidence of any breach of the conditions of those consents or any other consent or certificate affecting the property; and
- no matter is revealed which would preclude the property from being used as a residential property or indicate that the property may be the subject of enforcement action.

5.4.2 If there is such evidence and the seller (or the borrower in the case of a remortgage) is not providing a sufficient undertaking to satisfy those outstanding conditions by settlement, then this must be reported to us (see **part 2**). Check **part 2** to see if copies of planning permissions etc, building warrants and other consents or certificates should be sent to us.

5.4.2a If different from 1.11, contact point if the seller is not giving adequate undertaking to comply with outstanding planning permission and building regulation conditions before settlement.

Where there have been any subsequent changes to the property and there are no appropriate building and planning consents, and issues will not be resolved on or before completion, please contact the Issuing Office. We will need to confirm with our valuer that the property is structurally sound and still a suitable security (an indemnity policy will not replace the requirement for this check to be carried out).

In the case of a new build instruction, you will be required to check which planning conditions directly impacting the security address will not be discharged or satisfied by the Local Authority upon completion of the mortgage. These must be reported to the Issuing Office, with full details of these conditions, to allow us and our Valuer to take this into consideration.

For the avoidance of doubt, all new build properties should achieve appropriate building regulations sign off and certification either before, or at the point of completion of the mortgage. Should this not be the case, please refer to the Issuing Office with full details and rationale to explain why this will not be achieved.

Please ensure that all lender enquiries are submitted (with full documentation/requirements) at least 2 weeks prior to the conclusion of missives to allow sufficient time for review and decisioning.

5.4.3 If the property will be subject to any enforceable restrictions or planning obligations, for example under an agreement (such as an agreement under section 75 of the Town and Country Planning (Scotland) Act 1997) or in a condition imposed by grant of planning permission, which, at the time of settlement, might reasonably be expected materially to affect its value or its future marketability, you should report this to us (see **part 2**).

5.4.3 If different from 1.11, contact point if the property is subject to restrictions which may affect its value or marketability.

For Resale Restrictions and Special Schemes please also ensure the scheme complies with our requirements as documented on our website at nationwide.co.uk/-/media/MainSite/documents/about/media-centre-and-specialist-areas/information-for-lawyers/low-cost-home-ownership-special-schemes.pdf. Please advise us if the restriction does not meet our requirements as the case will not be able to proceed.

5.5 Good and marketable title

5.5.1 The title to the property must be good and marketable, and free of any burdens, restrictions, servitudes, charges or encumbrances which, at the time of settlement, might reasonably be expected to materially adversely affect the value of the property or its future marketability (but excluding any matters covered by indemnity insurance) and which may be accepted by us for mortgage purposes. Our requirements in respect of indemnity insurance are set out in section 9. If, based on your professional judgment, you are able to provide an unqualified certificate of title, we will not require indemnity insurance. You must also take reasonable steps to ensure that, on settlement, the property will be vested in the

borrower.

5.5.2 Where the property comprises a flat, and in the event that the terms of the Tenements (Scotland) Act 2004 do not apply, the cost of maintenance of the roof must be borne by the owners of the building of which the flat forms part in equitable proportions in terms of the title.

5.6 Restrictions on use and occupation

5.6.1 You must check whether there are any material restrictions on the occupation of the property as a private residence or as specified by us (for example, because of the occupier's employment, age or income), or any material restrictions on its use. If there are any such restrictions, you must report details to us (see **part 2**). In some cases, we may accept a restriction, particularly if this relates to sheltered housing or to first time buyers.

5.6.1 If different from 1.11, contact point if there is a restriction on use.

Issuing Office. Please report all material restrictions that could impact value or use of the property. For Resale Restrictions and Special Schemes please also ensure the scheme complies with our requirements as documented on our website at nationwide.co.uk/-/media/MainSite/documents/about/media-centre-and-specialist-areas/information-for-lawyers/low-cost-home-ownership-special-schemes.pdf. Please advise us if the restriction does not meet our requirements as the case will not be able to proceed.

Note: Scottish Crofts must be free from the restrictions of the Crofters (Scotland) Act 1993 on completion and the de-crofting order must be placed with the Title Deeds.

BREACH OF RESTRICTIVE COVENANT

When you are reporting to us a breach of restrictive covenant please refer the following to the issuing office along with your professional judgement, advice and recommendations:

- The wording of the breached covenant
- The date of the covenant
- The covenant owner
- Whether it is still enforceable
- Has action been taken to rectify the breach - if no, why?
- A description of what has occurred to breach the covenant
- How long ago did the breach occur
- What the potential enforcement actions could be taken
- Whether there is building regulations / planning permission for any relevant alterations

Please ensure that all lender enquiries are submitted (with full documentation/requirements) at least 2 weeks prior to the conclusion of missives to allow sufficient time for review and decisioning.

5.7 Title conditions

5.7.1 You must enquire whether the property has been built, altered or is currently used in breach of a title condition. We rely on you to take reasonable steps to check that the title condition is not enforceable. If you are unable to provide an unqualified certificate of title as a result of the risk of enforceability you must ensure (subject to paragraph 5.7.2) that indemnity insurance is in place at settlement (see section 9).

5.7.2 We will not insist on indemnity insurance:

- if you are satisfied that there is no risk to our security; and
- the title condition has been extinguished by acquiescence or negative prescription in terms of the Title Conditions (Scotland) Act 2003; and
- there is nothing to suggest that any action is being taken or is threatened in respect of the breach.

5.8 First ranking standard security

5.8.1 On settlement, we require a fully enforceable first ranking standard security over the property executed by all owners of the security subjects. All existing charges must be redeemed at or before settlement, unless we agree that an existing charge may be postponed to rank after our security. If we have an appropriate standard form of ranking agreement this must be used.

5.9 Other loans

5.9.1 You must ask the borrower how the balance of the purchase price is being provided. If you become aware that the borrower is not providing the balance of the purchase price from his own funds and/or is proposing to give a second charge over the property, you must report this to us if the borrower agrees (see **part 2**), failing which you must return our instructions and explain that you are unable to continue to act for us as there is a conflict of interest. For the avoidance of doubt, if the balance of the purchase price is being provided by way of a gift or loan to the borrower, then this should be disclosed to the lender.

5.9.1 If different from 1.11, contact point if borrower is not providing balance of purchase price from own funds /proposing to give second charge.

Issuing Office

If the balance of the purchase price is being paid wholly or in part by anyone other than the borrower, you must advise us of the amount and whether it is to be secured by a second charge and if any conditions are attached to it other than repayment upon sale of property. Please also confirm whether the provider is a family member of our borrower(s).

If all or part of the deposit is coming from a gift, you must ask the borrower(s) who will be providing the gift and what country the gift is being received from. If any of the gift is coming from a foreign country, you must inform us.

We require you to report to us where source of deposit is identified as being a crypto-asset (whether or not converted to fiat currency). Crypto-assets can include “cryptocurrencies” (such as Bitcoin), utility tokens (unregulated Crypto-assets usually issued as part of an ICO/ITO) asset tokens including “stable coins” (asset-backed coins with a value pegged to a physical asset of some kind) and security tokens.

5.10.1 check the terms of the lease on, for example, the period left to run, options to break, rent, casualties, right to assign, limitations on use, onerous conditions, irritancy and any requirement for landlord's consent;

5.10.2 advise us as soon as possible of any adverse conditions which might make the lease inappropriate as a form of security;

5.10.3 take all necessary steps to ensure that we are given a valid security over the lease.

5.11 Inhibitions and insolvency

5.11.1 You must obtain a clear personal search against each borrower (and each owner or guarantor, if any) as at a date not more than three working days prior to the date of completion of the advance. 5.11.2 Where an entry is revealed against the name of the borrower (or the owner or guarantor):

- you must certify that the entry does not relate to the borrower (or the owner or guarantor) if you are able to do so from your own knowledge or enquiries (for example, in the Register of Insolvencies); or

6.4 Incentives

6.4.1 You must obtain a completed copy of the [UK Finance Disclosure of Incentives Form](#) from the Solicitor acting on behalf of the seller of any property that is yet to be occupied for the first time, or for the first time in its current form, for example, because of a renovation or conversion. You should only report incentives to the lender as instructed below.

6.4.2 You will not be able to send a completed Certificate of Title to the lender unless you have received the [UK Finance Disclosure of Incentives Form](#). When you send a completed Certificate of Title you are confirming you are in receipt of a completed UK Finance Disclosure of Incentives Form from the developer/seller's Solicitor which complies with your instructions.

6.4.3 This does not override your duty to the lender via the instructions provided elsewhere in the Lenders' Handbook.

6.4.4 You must tell us (unless we say differently in **part 2**) if the missives provide for or you become aware of any arrangement in which there is:

- a cashback to the buyer; or
- part of the price is being satisfied by a non-cash incentive to the buyer; or
- any indirect incentive (cash or non cash) or rental guarantee.

Any such arrangement may lead to the mortgage offer being withdrawn or amended.

6.4.4 Does the lender require me to report incentives?

Yes – advise the Issuing Office as follows:

Standard purchase applications:

All financial incentives declared in Section 7 of the UK Finance Disclosure Form (i.e. builders cashbacks, deposit paid and any other financial incentives) should be added together to calculate the total value of financial incentives.

You will be required to complete an LTV calculation on all New Build instructions you receive from us – the outcome of this calculation will inform you how to apply our incentives policy and any reporting requirements.

Where the LTV is equal to or more than 90.01%, we do not allow any financial incentives to be offered as part of the deal. Please report to the issuing office should the UK Finance Disclosure Form you receive include any financial incentives.

Where the LTV is equal to or less than 90%, please adhere to the following requirements:

Where the total value of financial incentives is less than 5% of the purchase price, don't report to us.

Equity loan applications (e.g. Help to Buy):

Builder cashback and deposit paid are unacceptable on new build equity loan applications and if declared on the UKF DF please report to us and the case will be declined.

All other financial incentives should be added together to calculate the total value.

- Where the total value is less than 5% of the purchase price (and doesn't include builder cashback or deposit paid), don't report to us.

- Where the total value is more than 5% (or includes builder cashback or deposit paid) – report to us and the case will be declined.

Please also report to us if it becomes apparent the source of deposit is not a family gift and/or from the applicants' own resources.

Non-Financial Incentives:

Only incentives for fixtures and fittings within the property will be considered by Nationwide as non-financial incentives. For example, kitchen upgrades, fitted appliances, flooring, garden landscaping etc. Anything else should be considered as a financial incentive (for example, all vouchers, vehicles, holidays etc).

Please ensure that all lender enquiries are submitted (with full documentation/requirements) at least 2 weeks prior to the conclusion of missives to allow sufficient time for review and decisioning.

6.6.3 Where we have consented to the letting, and subject to any conditions that apply to the letting in **part 2** and/or the details set out in the mortgage offer and/or any consent to let we issue, then:

If the property is already let, and the existing letting does not comply with these requirements, you must report the position to us (see **part 2**); and
- you must confirm with the borrower that he is registered as a landlord on the register of landlords with the local authority where the property is situated in terms of the Antisocial Behaviour etc.(Scotland) Act 2004 and that any letting agent employed by the borrower in respect of the property is also registered under that Act. 6.7 New Properties - Building Standards Indemnity Schemes

6.7.1 If the property has been built or converted within the past ten years, or to be occupied for the first time, you must ensure that it was built or converted under a new home warranty scheme acceptable to us (see **part 2**):

6.7.1 What new home warranty schemes will the lender accept?

If the property was completed less than 5 years ago, we require one of the following:

- NHBC
- Premier Guarantee
- One Guarantee
- ABC+
- BLP formerly known as Building Life Plans (excluding self-builds under construction). These policies are underwritten by Allianz Global but written by BLP.
- Build-Zone
- CADIS
- Checkmate's Castle 10 (where out buildings such as a detached garage are also being constructed an endorsement to include these in cover is required).
- Build Assure (New Home Structural Defects Insurance)

- Ark Residential New Build Latent Defects Insurance. Where a detached garage/outbuilding has been constructed at the same time as the main building the policy must include an endorsement confirming cover for the detached garage/outbuilding.
- Homeproof (formerly Aedis)
- TMSC
- CRL new build 10 year structural defects insurance policy for residential property:

Nationwide will only accept a CRL new build 10 year structural defects insurance policy in the following circumstances:

- a) The final certificate is dated 04/09/2019 or earlier, and the Underwriter is International General Insurance Company (UK) Ltd (IGI) or CGICE
- b) The final certificate is dated 05/09/2019 or later, and the underwriter is International General Insurance Company (UK) Ltd (IGI) and the final certificate has been signed by Ark Insurance Group Ltd.

Please note Arks final certificates are titled: '10 year Structural Defect Insurance Policy'. For clarity all final certificates signed off by Ark are proof that the warranty is acceptable.

Refer all other warranty schemes to Issuing Office, ensuring that all lender enquiries are submitted (with full documentation/requirements) at least 2 weeks prior to the conclusion of missives to allow sufficient time for review and decisioning.

Please note the property can proceed without the benefit of a new home warranty scheme providing it is over two years old. Also see our 6.7.4 Part 2 regarding professional consultant's certificates.

6.7.4 Check **part 2** to see if we will accept the monitoring of a newly built or newly converted property to be occupied for the first time by a professional consultant. You should ensure that the professional consultant properly completes the lender's Professional Consultant's Certificate or such other form as the instructing lender may provide. The professional consultant should also confirm to you that he has appropriate experience in the design or monitoring of the construction or conversion of residential buildings and has one or more of the following qualifications:-

- fellow or member of the Royal Institution of Chartered Surveyors (FRICS or MRICS);
- fellow or member of the Institution of Structural Engineers (F.I.Struct.E or M.I.Struct.E);

A PCC is not required if the property, conversion or significant alteration/refurbishment is over 5 years old.

Please ensure that all lender enquiries are submitted (with full documentation/requirements) at least 2 weeks prior to the conclusion of missives to allow sufficient time for review and decisioning.

6.7.7 If the property is newly built, or newly converted, or to be occupied for the first time, before you send the certificate of title you must check that in terms of the building the property has been inspected, where appropriate, by a verifier authorised and appointed under the Building (Scotland) Act 2003 and the verifier has either:

- accepted the submission of a completion certificate in connection with the construction or conversion of the property, or
- granted permission for the temporary occupation of the property without a completion certificate.

6.8 Roads and sewers

6.8.1 If the roads serving the property are not adopted or maintained at public expense, but it is intended that they should be so, there must be a road bond in existence where required by statutory regulation or you must make an appropriate retention from the purchase price or you must report to us (see **part 2**).

6.8.1 If different from 1.11, contact point if no bond/retention for an unadopted road or if no public sewer or approved private sewerage.

Newly built properties – we do not insist on any such agreement and bond being in place nor on you making a retention providing the roads and sewers are to be adopted eventually or managed by local residents or a management company and so we do not need to be made aware of such circumstances. However, you should ensure all applicants are aware of their potential liability.

Second hand properties where the development is not yet completed – see above. If the roads or sewers are currently un-adopted the vendor must confirm the system is currently working and there have been no disputes regarding servicing and maintenance of the system.

Second hand properties – whether managed by either local residents or a management company or not, all applicants must be made aware of the practicalities of the situation and of their future liabilities/potential liabilities, we do not need to be advised of the situation. For un-adopted sewers the vendor must confirm the system is currently working and there have been no disputes regarding servicing and maintenance of the system.

Where roads or sewers are not managed we can only proceed if:

- Appropriate rights of way exist
- The applicants are aware of their potential liability
- Fully enforceable maintenance rights exist
- There are no current disputes.

Please advise us if the restriction does not meet our requirements as the case will not be able to proceed.

Overage agreements will only be acceptable if: -

They are made subject to our Standard Security/Charge. Our Standard Security/Charge must have priority over the overage agreement/any related Standard Security/Charge. If the overage agreement/related Standard Security/Charge is already in place, it must be postponed so that Nationwide's interest ranks in priority.

Any existing overage agreement {and/or restriction} that does not comply with the foregoing will need to be amended on or before completion.

If the overage agreement relates to developing new units/buildings on the land, we do not need to be advised. If the agreement relates to the current building (for example developing it into flats, adding an extension or conservatory, or a loft conversion) please advise us of the terms of the overage agreement and the relative Standard Security/Charge in plain English. This material fact will be assessed to ascertain if we wish to amend or withdraw our offer.

6.13 Improvement and repair grants

6.13.1 Where the property is subject to an improvement or repair grant which will not be discharged or waived on settlement, check **part 2** to see whether you must report the matter to us.

6.13.1 If different from 1.11, contact point if property is affected by improvement/repair grant which will not be discharged.

The case can proceed on normal terms as long as the Council provide written confirmation that repayment isn't required. The case can still proceed if the conditions that the grant monies don't have to be repaid to the Council are as follows:

- The property is used as a dwelling house
- The property is used as a principle residence
- The property is maintained in good order
- The owner of the house, if required to do so by the local authority, must confirm the conditions are being observed

If the amount of the grant is £10,000 or more please refer this to our issuing offer irrespective if the criteria above is met.

Please ensure that all lender enquiries are submitted (with full documentation/requirements) at least 2 weeks prior to the conclusion of missives to allow sufficient time for review and decisioning.

6.14 Insurance

6.14.1 You must make reasonable enquiries to satisfy yourself that buildings insurance cover has been arranged for the property from no later than settlement. You should remind the borrower that they:

- Must have buildings insurance in accordance with the requirements of the mortgage contract no later than settlement, and
- Must maintain such buildings insurance cover throughout the mortgage term.

7. Other Occupiers

7.1 You must ensure that there are no occupancy rights under the Matrimonial Homes (Family Protection) (Scotland) Act 1981 as amended, or under the Civil Partnership Act 2004 as amended which will have priority over our security. Any deed required for this purpose must be executed prior to settlement.

7.2 You must ensure that no liferent has been created which could result in our not obtaining vacant possession in the event of enforcing our security against the borrower.

8. Separate representation

8.1 Unless we otherwise state (see **part 2**), you must not advise:

- any borrower who does not personally benefit from the loan; or
- any guarantor; or
- any non-entitled spouse or non-entitled civil partner intending to occupy the property who is to execute a consent to the taking of the loan, or a renunciation of occupancy rights, and you must arrange for them to obtain independent legal advice. If we do allow you to advise any of these people, you must only do so after recommending in the absence of any other person interested in the transaction that such person obtains independent legal advice. Any advice that you give any of these people must also be given in the absence of any other person interested in the transaction. You should be particularly careful if the matrimonial home within the meaning of the Matrimonial Homes (Family Protection) (Scotland) Act 1981 as amended, or the family home within the meaning of the Civil Partnership Act 2004 as amended is being charged to secure a business debt.

8.1 May I also advise any of the specified third parties?

Only those listed at 8.1 bullet point 3

9. Indemnity insurance

9.1 You must effect an indemnity insurance policy whenever the Lenders' Handbook identifies that this is a course

required by or acceptable to us to ensure that the property has a good and marketable title at settlement. This paragraph does not relate to mortgage indemnity insurance. The draft policy should not be sent to us unless we ask for it. Check **part 2** to see if the policy must be sent to us after settlement.

9.1 Does the lender need to be sent the indemnity insurance policy?

Please refer to the relevant section of the handbook to see if the indemnity should be provided to us ahead of exchange for authority to proceed.

Please ensure that all lender enquiries are submitted (with full documentation/requirements) at least 2 weeks prior to the conclusion of missives to allow sufficient time for review and decisioning.

Where an indemnity is acceptable to us, please include Insurance Company and Policy No. on Certificate of Title Borrower to retain policy document

Please note that we do not require an indemnity policy to be taken out when the purchaser has received a cash gift which forms part or all of their deposit.

11. The documentation

11.1 The standard security

11.1.1 The standard security incorporates our current mortgage conditions and, where applicable, loan conditions. Where these are supplied to you with your instructions you must give them to the borrower before settlement.

11.2 Explanation

11.2.1 You should explain to each borrower (and any other person signing or executing a document) the legal implications of entering into the standard security and any documents they are required to sign.

12. Instalment mortgages and mortgage advances released in instalments

12.1 Introduction

12.1.1 If the cost of the building is to be paid by instalments as work progresses (for example, under a building contract) the amount of each instalment which we will be able to release will be based on a valuation made by our valuer at the time. Whilst we will not be bound by the terms of any building contract we will meet the reasonable requirements of the borrower and the builder as far as possible.

12.1.2 The borrower is expected to pay for as much work as possible from his own resources before applying to us for the first instalment. No instalment can be released unless our security has been, or will forthwith be, registered in the Land Register of Scotland.

12.1.3 The borrower is responsible for our valuer's fees for interim valuations as well as the first and final valuations.

12.2 Applications for part of the advance

12.2.1 As in the case of a normal mortgage amount, cheques for instalment mortgages will be made payable and sent to you. However, instalment cheques (apart from the first which will be sent to you to enable you to ensure compliance with paragraph 12.1.2) can be made payable to and sent direct to the borrower on request.

12.3 Requests for intermediate cheques

12.3.1 To allow time for a valuation to be carried out, your request should be sent to us (see **part 2**) at least 10 days before the cheque is required.

12.3.1 If different from 1.11, contact point for release of retentions/mortgage advance instalments.

13. Mortgage indemnity insurance or high LTV fee

13.1 You are reminded to tell the borrower that we (and not the borrower) are the insured under any mortgage indemnity or similar form of insurance policy and that the insurer will have a subrogated right to claim against the borrower if it pays us under the policy. Different lenders call the various schemes of this type by different names. They may not involve an insurance policy.

14. After settlement

14.1 Application to Registers

14.1.1 You must forthwith after settlement register our standard security in the Land Register of Scotland, taking the necessary steps if applicable, to complete a voluntary first registration in the Land Register if title to the property is held in the Register of Sasines. Before making your application for registration you must place on your file certified copies of the disposition or other conveyance in favour of the borrower, our standard security and any discharge from a previous heritable creditor.

14.1.2 We require you, where in your professional judgement it is appropriate:

- to apply for an advance notice under the Land Registration etc. (Scotland) Act 2012 in respect of our standard security;
- to have seen a Legal Report which discloses such advance notice and no other competing advance notice; and
- to submit the application for registration within the protected period afforded by that advance notice.

For the avoidance of doubt these requirements and expectations in no way detract from our requirement to have a fully enforceable first ranking standard security over the property (see paragraph 5.8.1).

14.1.3 Where our standard security is registered in the Land Register of Scotland before 8 December 2014, following registration you must check the Land and Charge Certificates for accuracy where we require paper Certificates to be issued (see **part 2**). For such of those pre-8 December 2014 cases where we do not require paper Certificates, and for all cases where the application for registration is accepted by the Land Register of Scotland on or after 8 December 2014, you must check that the Title Sheet has been updated accurately. In the latter case we may require **either** that you instruct the Registers of Scotland on your application form to send us direct notification to our designated email address that registration of our standard security has been completed, **or** that you send us a paper or electronic copy of the updated Title Sheet which shows the registration of our standard security (see **part 2**).

14.1.3a Does the lender require to receive paper certificates where security registered pre 8 December 2014?

No, unless on Sasines Register whereby we require the full title deeds pack including the original Standard Security and disposition

14.3 Your mortgage file

14.3.1 For evidential purposes you must keep your file for at least six years from the date of the mortgage before destroying it. Microfiching or data imaging is suitable compliance with this requirement. It is the practice of some fraudsters to demand the conveyancing file on completion in order to destroy evidence that may later be used against them. It is important to retain these documents to protect our interests. Where you are processing personal data (as defined in the Data Protection Act 1998) on our behalf, you must:

- take such security measures as are required to enable you to comply with obligations equivalent to those imposed on us by the seventh data protection principle in the 1998 Act; and
- process such personal data only in accordance with our instructions. In addition, you must allow us to conduct such reasonable audit of your information security measures as we require to ensure your compliance with your obligations in this paragraph.

14.3.2 Subject to any right of lien or any overriding duty of confidentiality, you should treat documents comprising your file as if they are jointly owned by the borrower and the lender and you should not part with them without the consent of both parties. You should on request supply certified copies of documents on the file or a certified copy of the microfiche to either the borrower or the lender, and may make a reasonable charge for copying and certification.

15. Legal costs

15.1 Your fees and outlays are payable by the borrower and should be collected from the borrower on or before settlement. You must not allow non-payment of fees or outlays to delay the procurement of the appropriate land and buildings transaction tax certificate and registration of documents.

16. Transactions during the life of the mortgage

16.1 Requests for Deeds

16.1.1 All requests for deeds should be made in writing and sent to us (see **part 2**). In making such a request you must have the consent of all of the borrowers to apply for the deeds.

16.2.2 If additional land is to be secured or the further advance is required for some other purpose (for example, to purchase a co-owner's interest in the property), you may receive instructions to act for us in connection with that transaction.

16.3 Transfers of equity

16.3.1 You must approve the conveyance and the deed of variation on our behalf. Check **part 2** to see if we have standard forms of deed of variation.

No

16.3.2 When drafting or approving the deeds, you should bear in mind:

- although the conveyance should state that it is subject to the standard security, it need give no details of the terms of the mortgage;
- the deed of variation need not state the amount of the mortgage debt. If it does, the figure should include both principal and interest at the date of settlement, which you must check (see **part 2** for where to obtain this);
- there should be no statement that all interest has been paid to date.

16.3.3 You must ensure that every person who will be a borrower after the transfer undertakes to pay the money secured by the security. If our standard deed of variation (if any) includes no appropriate clause, you must add a suitable undertaking. The wording of the undertaking should be as follows, or as near as circumstances permit: "The new borrower undertakes the whole obligations undertaken by the former borrower in the said standard security so far as they remain outstanding."

16.3.4 If we have agreed to release a borrower or a guarantor and our standard deed of variation (if any) includes no appropriate clause, you must add a simple clause of release. The release clause should be as follows, or as near as circumstances permit: "The lender in consideration of the new borrower undertaking to perform the whole obligations of the former borrower under the said standard security discharges the former borrower from all liability under the said standard security." You should check whether a guarantor who is to be released was a party to the standard security or to a separate guarantee.

16.3.5 You must obtain the consent of every guarantor of which you are aware to the release of a borrower or, as the case may be, any other guarantor.

16.3.6 We must be a party to any deed of variation. All other parties must execute the deed before it is sent to us. See **part 2** for where the deed should be sent for execution.
